Academic Projects

“The Power to Fly” Children’s Book Project

Sep 2025

ArtCenter College of Design, Pasadena, CA

- A hardcover storybook about a child’s imaginative journey through the night sky.
- Visually conveyed a dynamic scene of various animals and objects flying into the sky.
- Designed storyboards, compositions, and final pages independently.

“Everyone Has Shoes” Children’s Book Project

July - August 2025

ArtCenter College of Design, Pasadena, CA

- A hand-painted board book exploring imagination and fun through everyday objects.
- Combined separately painted gouache and ink-pen layers to create an offset effect.
- Integrated different types and colors of fonts so that both analog and digital design elements blend seamlessly

“The Kangaroos” Group Project

January - February 2025

ArtCenter College of Design, Pasadena, CA

- A collaborative lighting project blending storytelling and design.
- Created a mother-and-baby kangaroo lamp using 3D printing, fabric, and LED circuit.
- When illuminated, the baby’s silhouette is revealed through the kangaroo’s pouch.
