## EXPERIENCE

Summer 2023

### Intern | Lehrer Architects

An innovative architectural firm deeply ingrained in the community, driven by a profound passion for design and craftsmanship. Lehrer Architects have garnered numerous design awards for their imaginative application of light and color, breathing life into spaces.

Over a span of 14 weeks I worked closely with a talented team of architects on various substantial projects. My responsibilities included creating physical and 3D models, actively participating in meetings and site visits, delivering presentations and more.
