Education

ArtCenter College of Design - *Pasadena, CA*

Anticipated Graduation May 2024

Bachelor of Fine Arts in Illustration, Entertainment Arts track

Experience

Illustration Intern - *LINE Plus, Seongnam-Si, South Korea*

June - August 2022

- Designed and executed social media and promotional materials using ProCreate to increase follower engagement.
- Studied art direction for mobile game to understand concept.
- Designed costumes, props, and buildings for a mobile game using ProCreate and Photoshop to match existing character design concepts and increase in-app purchases.

National Art Honor Society President - *Liberty High School, Frisco TX*

July 2019 - May 2020

- Managed and coordinated over a 100 members on community projects including the decoration of a local elementary school and the Empty Bowls event.
- Designed and executed decorations for school events such as homecoming and theater productions using traditional mediums such as acrylics and recycled materials.
- Delegated different tasks to officers and advisory teams to optimize productivity.
- Directed Museum Night to give students a chance to showcase their work and also involve the community in interactive activities and gift shops raising about \$1000 to fund the next chapter as well as awarding scholarships for the graduating seniors.

Course Projects

Alien Species Design, Animal Anatomy - *ArtCenter College of Design, Pasadena CA*

May 2022

- Designed an alien ecosystem, including alien organism, food sources and predator using ProCreate; researched the possible challenges that the organism could face in an inhospitable environment to problem solve its unique shape and design.
- Invented a skeletal structure to establish the way the species would move.
- Anthologized a species poster with scientific illustrations and information including the species' prey, mate attraction method and natural habitat.

ChapCare Project, Image and Idea - *ArtCenter College of Design, Pasadena CA*

October-November 2021

- Designed stickers, murals, mascots and coloring books for children using Procreate and Photoshop to be used in a hospital setting.
- Communicated with hospital staff to design based on their mission to create an inviting environment for affordable care in underserved communities.
- Collaborated with a multidisciplinary team of 4 to create diverse assets with deadlines.
