(Elementary); (German (WIP)

Professional Experience

Oakley (Eyewear Design Intern) , 2025 June - August

| Envisioning the future of Oakley eyewear in 2035, push the boundary of current design language and eyewear concepts to inspire future design.

| Collaborating in development production line design for Costa Del Mar performance/lifestyle semi-rim eyewear.

Hermès Sponsor Project - Spring 2025

| Delivered a luxury lifestyle audio product to enrich human connection, infuse the heritage of Hermès while maintaining fresh language.

Samsung Electronic Sponsor Project - Summer 2024

| Delivered Gen Z and Gen Alpha-focused design proposals directly to the Samsung design team.

| Developed a cohesive visual language guideline, 3D models, and high-quality product visualization renderings.

Anderson Creative INC , 2024 - 2025 March

| Collaboration with Universal Studios, designing branded movie merchandise.

ResMed Sponsor Project - Fall 2023

| Project IP acquired by ResMed.

| Insights focusing on an overlooked user group—athletes. Proposed design to challenge the stereotypical perception of CPAP devices.

| Conducted in-depth research, produced high-quality 3D models, visualizations, and a physical prototype.

ACCD Teaching Assistant, 2022 - 2025

| CLO 3D (wearable softgoods modeling)

| Design Lab 1 (advanced industrial design focus on luxury brand design and visualization)
