Education

ArtCenter College of Design, Pasadena, California

2020 to present, Illustration Entertainment, Bachelor of Fine Arts.

Experience**Freelance Illustrator | MiHuaShi Platform**

2024 Jun - 2025 Feb

Designed and illustrated avatars and digital artworks based on user descriptions and requirements. Collaborated with individual clients to refine their visual storytelling, ensuring unique and expressive character designs. Enhanced user engagement by delivering high-quality illustrations, contributing to increased user satisfaction and platform activity.

Illustrator & Concept Designer | Independent Projects

2020-now

Co-created and illustrated three illustrated novels in collaboration with an author friend, each spanning approximately 100 pages. Designed detailed sci-fi, monster, and near-future settings, developing world-building elements, characters, and environmental visuals. Strengthened narrative immersion through cohesive visual storytelling, improving reader engagement and thematic depth.

Program Tester & Writer | Ebpm, Tianjin, China

Fall Term 2024

Tested and debugged software applications to ensure smooth functionality and usability. Developed and documented test cases and program scripts to streamline the testing process. Improved software quality by identifying critical issues, enhancing system efficiency, and supporting the development team with detailed reports.

Skill

Adobe Photoshop, Adobe Premiere, Adobe illustration, Maya, SketchUp.
